## **CBAI ACTION ALERT: Urge Congress to Include Important Provisions in the Next Pandemic Relief Bill**

CBAI joins the ICBA in asking community bankers to urge their Members of Congress to include key provisions in the next stimulus package. These commonsense reforms, including automatic forgiveness for Paycheck Protection Program (PPP) loans in the amount of \$150,000 and under, gives much needed relief to borrowers and their community bank lenders so they can concentrate on recovering from the virus crisis.

Congress is currently considering legislation to update the CARES Act, so your response to this Action Alert now would be particularly helpful.

Please share this Action Alert with your board members, senior management and staff. We need a strong showing from Illinois community bankers. Thank you for responding!
