CBAI Participated in Panel at EGRPRA Meeting Last Month

CBAI's Senior Vice President of Federal Governmental Relations, David Schroeder, participated in a March 26, 2026, panel discussion during an Economic Growth and Regulatory Paperwork Reduction Act (EGRPRA) outreach meeting, which was hosted by the Federal Reserve. EGRPRA requires the federal banking agencies to review their regulations every 10 years to identify outdated, unnecessary or unduly burdensome regulations, allowing community bankers to articulate concerns with regulatory burden and its impact on local communities. CBAI has participated in each of the two preceding EGRPRA outreach meetings to strongly advocate for meaningful regulatory relief for Illinois community banks.
