CBAI ACTION ALERT: Urge Your U.S. House Member to Support the Main Street Capital Access Act (H.R. 6955)

CBAI joins the ICBA in asking Illinois community bankers to urge their U.S. House members to vote in favor of the Main Street Capital Access Act. The bill is scheduled for a vote **this evening.**

This legislation would:

- Tailor regulations to the lower risk profile of community banks;
- Ease excessive capital requirements;
- Support the formation of new community banks;
- Ensure fair reviews of agency examinations;
- Raise thresholds for holding custodial and reciprocal deposits;
- Require the appointment of an FDIC board member with experience in small depository institutions;
- Modernize the Federal Reserve's discount window lending programs;
- Offer relief at the holding company level; and
- Promote bank-fintech partnerships.

Please share this Action Alert with your board members, senior management and staff. We need a strong showing from Illinois community bankers.

Thank you for responding!
